Reference and Administrative details of the Charity, its trustees and advisors

Equinox was established in 1986, incorporated as Drink Crisis Centre on the 23rd of March 1987, opened its first service in 1990 and changed its name to Equinox Care on the 13th of April 1999. It now trades as Equinox and joined the Group on the 1st October 2014.

Directors and Charity trustees

The directors of the Charity are its trustees for the purposes of charity law and throughout this document are collectively referred to as trustees. The current trustees and those that served during the year:

Chairman

Karl Marlowe

Other trustees

Rami Bibi

Dylan Kerr

Stuart Jenkin

Lindsey Wishart (Treasurer)

Company Secretary

Michael Rutherford

Executive Officers

Group Chief Executive

Gill Arukpe

Senior Director of Operations

Cassie Newman

Director of Finance & Resources

The reference and administration information set out on the previous page form part of this report. The financial statements comply with current statutory requirements, the Memorandum and Articles of Association and the Statement of Recommended Practice – Accounting and Reporting by Charities: SORP applicable to charities preparing their accounts in accordance with FRS 102.

Objectives

Purposes and Aims

The objects of Equinox as set out in the Articles of Association are for the public benefit:

- To assist, relieve and rehabilitate any person who is in need because of alcohol problems, other substance misuse problems, mental and physical health issues, age, learning difficulties, an involvement in the criminal justice system or a lack of appropriate housing, and to assist and relieve such persons' family, dependents and other carers who are in need as a result of that person's problems; and
- To further such other exclusively charitable purposes according to the law of England and Wales as the trustees in their absolute discretion from time to time determine.

The trustees review the aims, objectives and activities of the Charity each year. This report looks at what the Charity has achieved and the outcomes of its work in the reporting period. The trustees report the success of each key activity and the benefits the Charity has brought to the people that it is set up to help. The review also helps the trustees ensure the Charity's aims, objectives and activities remain focused on its stated purposes.

The trustees have referred to the guidance contained in the Charity Commission's general guidance on public benefit when reviewing the Charity's aims and objectives and planning its future activities. In particular, the trustees consider how planned activities will contribute to the aims and objectives that have been set.

Activities

Equinox provides individually tailored support, health care and recovery for people whose behaviours and trauma, mental ill-health, substance and alcohol issues, homelessness, forensic history, or any combination of these issues have prevented them from living fulfilled lives.

Equinox's expertise is in supporting people excluded from other services due to their substance and alcohol misuse. The heart and soul of Equinox are providing hope without exclusion to all those who come to them. Equinox currently operates across London and in Brighton and has the ambition to grow.

Chief Executive's Statement

A Changing Landscape

As I look back on 2020/21, I am thankful that all our services continued to deliver services throughout the Pandemic, thanks to our caring and dedicated staff. We were fortunate that due to the early move to our Strategic Pandemic Business Plan and our infection controls, we stayed open and had no deaths in service due to the Pandemic and minimal Service Users and staff sickness.

The Pandemic has affected and changed the landscape of the health and social care needs across the UK and us as voluntary sector providers. Many more people were forced into poverty. There has been a dramatic increase in mental ill-health, creating greater demands on NHS hospitals and community teams and longer waiting times for treatment. And a societal change, with increased misuse of substances and alcohol and people suffering from poor mental health and wellbeing, creating a massive demand for our services.

The Pandemic affected everyone differently, but importantly, it made people more willing to talk openly about their mental health concerns. With 1 in 4 adults predicted to experience a common mental disorder, and 10% will experience depression in their lifetime, we are more than ready to take this opportunity to get involved in the conversation and encourage those stepping forward wanting support to keep mentally and physically well. Rough sleeping and homelessness had seen a positive Government response during the Pandemic. With hotels secured for rough sleepers to move them off the streets, we hope to see a new legacy for the future.

Staffing

Whilst staff retention rates are good, there are recruitment issues in the sector, with over 100,000 support worker vacancies per week across the UK. Staff retention will become increasingly difficult as organisations compete to hire and retain the best staff. We have dedicated time to ensure that working at Equinox is a rewarding experience personally and professionally by offering more growth and development opportunities. Everyone within Equinox is focused and committed to:

- Keeping the Service User at the heart of everything we do by living our culture, purpose and values daily.
- Securing our long-term financial stability through contract retention, growth and diversifying income.
- Continue improving and enhancing the quality and performance of our services.
- Growing and extending our impact to our Service Users and society.
- Influencing positive social change on a broader scale.

We will do this by:

- Rolling out the work we do within the criminal justice arena and develop opportunities with partners in rough sleeping, homelessness, complex needs, prison leavers, prevention and early intervention.
- Finding ways to take the pressure of the NHS in the areas of mental illness, personality disorder, substance and alcohol misuse.
- Support development of local authorities' solutions for homeless people, rough sleepers, women specialist services, and people stepping down or failing in other supported housing and housing pathways, especially for those with high complex needs and living with trauma.
- Developing better employment pathways for our staff, experts by experience and encouraging new entrants into the fields of support and care work.
- Creating a formal volunteering and peer network.
- We will develop our long-term housing strategy and look for funding partners and developers to create housing opportunities for our participants and residents.
- Maximising our income by attracting independent funding and funding packages to take the burden away from overstretched public funding.

Equinox Care
Trustee report
For the year ended 31 March 2021

In closing, I want to thank all staff for the hard work and commitment they show every day to fulfil our charity mission and achieve the best possible outcomes for the people we support. We have everything we need to make these next coming years even more successful than the last, and I can't wait to see what the future holds for us all.

Gill Arukpe, Group Chief Executive

Strategic Report

In 20/21 we supported 1,409 people across 11 different services.

Across Equinox residential services, we supported 678 Service Users during FY2020-21. Over 83% of move-ons in FY2020-21 were positive, including transferring into independent living and step-down accommodation. Less than 1% of our Service Users experienced returns to prison or unplanned returns to hospital during their time in our care.

| KPI | TARGET | ACTUAL |
|--------------------------------|--------|--------|
| % Positive move-ons | >85% | 83.5% |
| % unplanned return to hospital | <3% | 0.2% |
| % convicted of new offence | <3% | 0.1% |
| % unplanned return to prison | <3% | 0.1% |

- Positive Move on means people that secure independent accommodation or move into a safe location for continued support.
- Total Departures means every Service User that has left the service across the year.

| | |
|-------------------------------|-------|
| Total departures | 424 |
| Positive move-ons | 354 |
| Total clients seen | 1,409 |
| Unplanned returns to hospital | 3 |
| Convicted of a new offence | 1 |
| Unplanned return to prison | 1 |

Rising to the Challenges of Covid-19

Recruitment

As we moved towards lockdown, we prioritised recruiting Bank/Relief staff anticipating staff shortages. Our teams worked together to set up a system to recruit people outside our sector who had been furloughed or made redundant and had transferable skills. The response was significantly higher throughout March than any previous recruitment campaign, with over 1,000 CVs submitted. To help us shortlist, we invited all applicants to complete an online psychometric test that scores emotional stability and intelligence, diligence, resilience and empathy. We benchmarked this against qualities and attitudes required for a generic Healthcare Worker. We scored completed assessments and shortlisted over 100 applicants within two weeks, with a target of 50 new Bank Staff recruited by May.

Staff Wellbeing and Engagement

We provided laptops and mobile phones for staff to work from home and connect to the server securely. Welfare check to services included day and night staff check-in calls, virtual meetings, and all staff webinars and staff intranet as ways to keep employees engaged. As part of the daily calls, the Executive Management Team (EMT) reviewed Government announcements from the day before and sent daily emails to staff and managers informing them of critical updates and actions required. We devoted a section of the staff intranet home page to COVID-19, where emails are also saved, alongside updated guidance from Public Health England.

We promoted the stress App under our MediCash private health care provider and other applications, including Headspace, MIND's website and shared advice and tips on maintaining mental health. We also introduced Mental Health Champions and Happier Coaches alongside virtual interactive group sessions to maintain engagement and human connection focusing on wellbeing.

PPE Supply and Support from Commissioners

The EMT chaired weekly all staff webinars via MS Teams, giving staff across the organisation an opportunity to ask questions and share any concerns. The most pressing matter for operational teams was supply levels of PPE. We introduced a monitoring tool to track PPE usage across each service to ensure supplies could be sourced and distributed promptly. A strong relationship with local Commissioning teams provided a healthy, regular supply of PPE equipment for some services. Many accessed additional support for Service Users via individual Council's Covid response services and funding. Our Brighton Services received regular updates from their local commissioning team, who supported them with early testing, setting up a specific Covid+ hostel and running online training.

Adapting our Residential Services

With care homes seeing the most significant increases in infection rates and deaths across the country, our staff teams within our residential services had to rethink everything and redesign services around Covid. Many of our Resident and Service User activities had to reduce across our services. Before the Pandemic, residents could enter and leave services freely. Now, they faced restrictions, having to stay indoors and not see their families or support network. Communal mealtimes and activities had to stop. One of the team's biggest challenges was getting a structure in place and meaningful activity to take residents away from the boredom of daily isolation.

Staff had to implement new operating procedures quickly and think creatively. Running such complex services meant added pressures to get residents to understand and follow directions and social distancing to help keep them safe and protected. They had more barriers to consider and work around as they doubled up on PPE, wearing masks, shields, aprons and gloves. Knowing residents well, they prepared them mentally for the changes ahead and designed them to help minimise their anxiety. They considered every detail - big and small, to protect residents and keep them safe. Staff had to explain changes daily, multiple times, so residents didn't feel intimidated, especially when medicated; it can be confusing. Despite this, our teams overcame the physical barriers of PPE through human and personal touches to ensure positive engagements with residents to support the changes and work in harmony to protect each other. All our staff team's efforts ensured that 100% of services remained open and Covid-free.

Client Transformations

Michael's Story

Michael has made fantastic progress during his time in our Hammersmith and Fulham Service. He initially came to live at the service in May 2020 and worked closely with staff and Turning Point. He has a history of drug use, specifically crystal meth. His drug use was fed by acquaintances, especially his ex-partner, a relationship involving heavy drug use, partying, and physical abuse. Although this relationship came to an end, it took time for Michael to change his lifestyle. Michael started taking online courses during the lockdown, alongside focusing on his physical health. Before the third lockdown, he went to the gym, and when this stopped, he began running. Michael has been going on runs in the mornings and continues to lead a healthy lifestyle. He takes advantage of the donated food deliveries and mentions that he uses fruit and vegetables to make healthy drinks. He has always shown an artistic side, decorating and creating furniture in his flat. He has been using YouTube videos and collecting materials as canvases to draw on. He is now ready to move on, has accepted a flat, and is waiting to pick up his flat keys. Additionally, he has secured a part-time job in hospitality, working below 16 hours per week and volunteering. Michael has shown tremendous potential during his time with us and is succeeding and meeting his goals.

Our Focus

Equality Diversity and Inclusion

One of the main objectives of our EDI Programme is to recruit Ambassadors across our staff service teams to support the development of transparent models of career development and models of best practice, offering demographic-sensitive services to our residents and programme participants. During the next year, our EDI program will utilise the life experiences of our participants and Service Users as experts to influence and develop responses on how mental health and social care can be delivered to enable them better to access treatment early.

Women and Safety

Equinox takes the safeguarding of all staff, participants and residents (Service Users) seriously. Enhancing our measures related to the safeguarding of women has been a priority. We adapted some of our programs for women-only. We introduced a specialist women's support worker role and new projects to support women affected by violence and exploitation, including trauma-informed support. Our Brighton Service is a specialist women's service. In these services, we have created and will continue to develop specific programs and ways of working to improve the lives of women who have been traumatised earlier in their lives and have survived much mental and physical abuse.

Reflective Practice

Reflective Practice is an essential component of creating Psychologically Informed Environments (PIE). It provides a safe place for staff to share best practices and reflect on the emotional impact of our work, facilitated by external facilitators. One of the challenges we faced during the COVID pandemic was maintaining Reflective Practice sessions for our frontline staff, which we did, using video conferencing.

Quality Handbook

Our staff and Service Users developed our digital Quality Handbook through a series of reflective workshops identifying and gathering best practices across Equinox. The Handbook is a best practice guide and a learning resource, showcasing the excellent work in our services to help us learn from each other and continue to improve the quality of the services we deliver. Each section of the Handbook includes top tips, guidance, and real-world examples of best practices across Equinox's services.

PIE Project Board

We introduced the Psychologically Informed Environments (PIE) Project Board to embed PIE across Equinox. The board's role is to promote the EDI programme and values of ambition, empowerment, transparency and inclusivity through the implementation of PIE. Members of the PIE Project Board are representatives across the whole of Equinox including, Participants and Residents, volunteers and staff. We aim to have a changing membership who will be champions of PIE and lead in creating happier, healthier environments where Participants and Residents develop their full potential and staff feel supported and skilled to provide the best possible support and care.

Participant and Resident Involvement

The Participant and Resident Council represent the voices of the people we care for across Equinox. At a formal meeting, they chose to be called the Participant and Resident Involvement Group. Due to the pandemic, meetings moved online, which gave the advantage of becoming more accessible to representatives from services across and outside London. The group completed and submitted a collective response to the Government's consultation on proposed changes to the Mental Health Act.

Disability Confident

We are a disability accredited employer registered and certified. Being recognised as a Disability Confident organisation, we take a leading role in changing attitudes for the better. We aim to lead changing behaviours and cultures within Equinox, external networks and communities where possible and reap the benefits of inclusive recruitment practices. We aim to ensure that all our properties have disabled access. As part of our property development strategy, we aim to replace or renovate to ensure we can offer equal access for disabled people over the next five years.

CHAS Accreditation

In September, we received our CHAS (The Contractors Health and Safety Assessment Scheme) accreditation, demonstrating compliance with UK health and safety legislation. In addition to evidencing that Equinox has and implements a robust Health and Safety Management System, we evidenced compliance with government advice on working safely during the Covid-19 pandemic.

Environment

Equinox aims to be 100% renewable by developing Waste Management and Sustainability targets. To put this into practice and align with the Government's sustainable development strategy, we will continue developing, implementing, and maintaining our plan to set sustainability objectives, targets, and indicators.

Social Impact and Value

Work started in January to develop our strategic Theory of Change. This consisted of several workshops, including developing a measurement framework defining our core outcomes to measure our social impact as an organisation. Outcomes include a mixed approach incorporating some academically validated scales measuring wellbeing and resilience, alongside specialist pieces of work assessing return on investment and longitudinal impact.

ICT Strategy

This year we upgraded our cyber essentials to guarantee as far as possible that our ICT system is safe - especially in the securing of data. We invested in Cyber Essentials Accreditation and Microsoft PowerBI so all our systems can speak to each other and report more accurate and timely outcomes.

People and Culture

We moved online, including an online application option, online psychometric testing and virtual meetings for new starters to show their DBS and right to work documents in line with government guidelines. We reduced agency staff spending and introduced a new process for booking agency staff and an Additional Hours Policy. We rolled out the Benni Benefit Platform to all staff. Learning and Development implemented a Management Development Programme alongside recruitment of a Training and Development lead as part of the learning culture.

Significant Events

Solace Centre Pandemic Response

The Solace Centre offers a unique community. During the early stages of the COVID pandemic, we had no choice but to close the Solace Centre according to Government guidelines, leaving 105 members with no access to face-to-face support and activities. Led by the Service Manager, the team worked together to develop a plan to run the centre in a virtual capacity. They regularly engaged with members, making two phone calls to every member every week, offering emotional and practical support and positive ways to make the best out of time at home.

These calls helped develop ongoing conversations where members shared feedback and opinions to help adapt activities and shape new ones during the lockdown. Wellbeing walks started, and seeds were sent to members to grow flowers. The team also published a monthly newsletter with input from Solace members, providing news, puzzles, quizzes and information on available support, which they shared with every member, local commissioners and community partners.

Lewisham Outdoor Gym

In October 2020, our Lewisham service completed the installation of an outdoor gym. The idea came from staff and residents in response to the impacts of lockdown and the need to offer additional resources for residents' wellbeing and socialisation. We consulted residents on the type of equipment they wanted, and the service team worked with our Housing and Maintenance department to install the equipment within two months of the request. It has been extremely popular with Service Users, and we are analysing its impact on both wellbeing and incidents at the service.

Brook Drive Pandemic Response

In partnership with Guys and St Thomas' Hospital, SIG Equinox joined the direct fight to help people recover from COVID-19. Equinox Brook Drive is a vital health service and the only third sector residential service of its kind in London. The service consists of 26 beds and is open 24 hours, 365 days a year, providing medically supervised alcohol and drug detoxification programmes for adults, saving many lives daily. When the pandemic hit, most community drug and alcohol services had to close and suspend all referrals. Brook Drive, therefore, had nursing capacity. The NHS were crying out for qualified nurses, and we have some brilliant ones.

We contacted NHS Guys and St Thomas' to see if we could assist them in the COVID-19 fight. In two weeks, we converted Brook Drive into a new stepdown hospital service to support Guys and St Thomas' Hospital and Kings College Hospital. We welcomed patients deemed medically fit for discharge but were homeless or vulnerable to help them get well - many frail and elderly, needing round the clock care. We put in the necessary arrangements for patients to safely return to home or into stable accommodation, allowing Guys and St Thomas' Hospital and Kings College Hospital to free up 347 more bed nights within their acute bed wards for Covid-19 patients.

Marron House Pandemic Response

Our Marron House team encourages residents to engage in learning opportunities and outdoor physical activities. These conversations led to a discussion on mini-workouts. Thus, began Fitness Fridays, teaching low impact exercises by one of Marron House staff, a qualified fitness instructor and gives nutritional advice. Activities were designed to be easy to follow and recorded, and shared with other services across the SIG so all Service Users could participate. Some Service Users have gone from doing very little physical activity to now jogging. Marron House shared over 25 mini-workout sessions with SIG services during the pandemic.

Financial Review 2020/21

Equinox made a surplus of £143k (2019/20 - £148k deficit) at the operating profit level before a past service deficit pension payment of £160k (2019/20 - £290k). This resulted in an unrestricted fund balance in deficit £1,282k (2019/20 - deficit £1,265k). In addition, it had a restricted fund balance of £1k (2019/20 - £1k) after receipts of £139k (2019/20 - £340k) and expenditure of £139k (2019/20 - £340k).

The restricted reserves transactions mainly relate to the Fulfilling Lives projects in Brighton with a balance of £Nil continuing into the new financial year.

The pensions reserve relates to the past service deficit liability relating to the defined benefit Social Housing Pension Scheme. The triennial valuations in 2008, 2011, 2014, 2017 and 2020 resulted in member organisations being charged a levy to bring the scheme back into surplus. These triennial valuation deficit contributions are reflected in the liabilities of Equinox. The charity closed its participation in this pension scheme but remains liable for an element of the deficit.

Given the wider economic environment and on-going changes and increased competition within the sector, the trustees consider the results to be disappointing but understandable. Therefore, it is essential that moving forward our focus remains on developing new services, new funding models, effective and financially efficient models of service delivery whilst addressing the issues causing the deficit.

The principal funding sources remain Local Authority block contracts largely for our resettlement projects alongside funding from Clinical Commissioning Groups and NHS Trusts towards our work with people recovering or living with mental ill health and or personality disorders, and the work we do with preventing homelessness and homeless people. The trustees are appreciative of the funding received from its funders including those statutory commissioners for the work streams they support as well as the vital non-statutory funding received from individuals, trusts and foundations.

Principle Risks and Uncertainties

Equinox has a risk management strategy, which is overseen by the trustees. The risk register is reviewed monthly by the Executive Management Team, in consultation with all managers, and subsequently by the trustees at each quarterly Board meeting. The principal risks are that a Service User commits a serious act and that there is class A and/or B drug use by a Service User on our premises. This is not surprising in view of the activities undertaken by Equinox. To mitigate these risks, we have robust risk management policies, a pandemic strategy and contingency plans, well trained staff, incident and near miss reporting and learning, a safeguarding officer, a clinical lead and people safe systems, testing procedures and good relationships with experts by experience and co-production with our Service Users, responsible officers, and the police. In addition, Equinox is experiencing great difficulties in procuring properties either for rent or outright purchase, given that we cannot expand at the rate of demand or that we may lose contracts.

Another significant risk is the pension deficit contributions made to TPT and to the KCC to fund the shortfall in the pension liability of the schemes. The risk is regularly reviewed to ensure any contributions are affordable and do not place a significant financial burden on the Charity.

Reserves Policy and Going Concern

Reserves are needed to innovate solutions for our stakeholders, (both Service Users and commissioners) and bridge the funding gaps between spending on services and recovering these from subsidiaries by providing working capital. In addition, reserves are required to facilitate investment in fixed assets in the form of properties for leasing to subsidiaries for the provision of their services. The trustees evaluated the commitment to future expenditure against likely future income streams and believe that a regular review of reserve levels is appropriate. Equinox aim to make a small surplus for retention and reinvestment purposes, which increases the free reserves. The target for Equinox is £500k. The actual free reserves, excluding the past service pension liability, as at 31st March 2021 are £1,281k in deficit (19/20 - £1,264k deficit). The trustees will continue to review the reserves policy and position.

Actions to strengthen the financial position going forward include diversification of funding, including the growth of the business development team to secure additional funds through fundraising and securing and opening a number of new projects, as well as the closure of projects that were not financially viable. In addition, there are concerted management efforts to increase occupancy and reduce void rates and minimise the use of expensive agency staff.

After making enquiries, the Board of Trustees has a reasonable expectation that Equinox has adequate resources to continue in operational existence for at least 12 months from the date of approval of the financial statements. Equinox has financial resources together with long-term cash generating assets. As a consequence, the Board of Trustees believe that Equinox is well placed to manage its business risks successfully. For this reason they continue to adopt the going concern basis in preparing Equinox's financial statements. Whilst the Pension deficit is large, there is a robust repayment plan to reduce this over time, and that there are no material uncertainties related to events or conditions that may cause significant doubt about the ability of Equinox to continue as a going concern have been identified by key management personnel after taking into account the relevant facts and circumstances.

Plans for the Future

We want to build on the strong foundations we have created that has seen us continue to grow. We want to increase the number of people we support and the organisation's long term financial stability. To do this, we need the best people to come and work for us. We will be implementing a staff personal development pathway during the year ahead and looking at ways to reward, so they choose to stay with us. We will be developing our apprenticeship and training for entry-level to encourage people to come and work in the sector and partner with other providers who wish to do the same. We will also try and influence key decision-makers for better wages for the people who work in our sector.

Our main objective for the next three years is to continue to offer services for people who have the highest social and health care needs. People whose complex lives and traumatised life experiences would benefit from our specialist support. We will continue to fill gaps and alleviate the strain on our over pressed NHS services and Local Authorities to deliver community-based responses that relieve pressure by providing the best charitable services.

This annual report shows how far we have come, but also where we aim to be.

Planning for growth can be a daunting task in this climate. Still, we know the amazing work achieved across Equinox. We have read the service reports, listened to staff and Service Users, and seen the positive outcomes for people, and this gives us the confidence to be bold in our aspirations because we know we can achieve them.

We have won new contracts, invested in new staff and begun diversifying our funding streams to enable fundraising to be a part of our income generation. We've also broadened our social media and online presence, raised Service User involvement, started working on understanding and quantifying our social value and invested in more staff training. It is an exciting time for us.

The people who arrive at our services are some of the most complex and vulnerable people within our society; we can't change their past, but we can support and empower them to change their future. We achieve this through our professional staff teams' dedication and perseverance, who work tirelessly to deliver the best possible outcomes for people and keep the Service User at the centre of everything we do.

New Business and Fundraising

New Fundraising Department

Equinox hasn't ventured into fundraising previously, but we decided it was the right time to take our first steps with the sector becoming more financially challenged. We recruited a Head of Fundraising and a part-time Assistant Fundraiser to take the work forward in helping diversify our income.

New Bid Team

It was a challenging year as many local authorities did not release tenders due to the Pandemic. It was an excellent opportunity to consolidate what the department wanted to achieve in the later stages of 2020 and begin to build a new team that would be ready for when the tenders came out again. We recruited three new posts and inducted them. In early 2021, the team redefined our tendering processes and began winning their first pieces of work. The team won eleven tenders, including frameworks, from domiciliary care to detox and hostel provision.

Communications

Achieving a One Team Ethos

Our staff intranet became a focal point for the communications team as Equinox had never worked in isolation. The need to deliver vital information in a format that everyone could access was critical. We undertook a complete overhaul of our intranet, creating spaces dedicated to sharing covid information and areas for staff and Service Users to share personal stories, blogs, poems and artwork they were making. The intranet burst into life in a matter of weeks and brought the charity together in a way we hadn't expected; sentiments came flooding in from staff regarding how they had never felt so 'together' and how they looked forward to the next blog or story.

Webinars

Equinox had not hosted a webinar before, and the technology was new to us all. Our first webinar was not without technical challenges and 'you're on mute' moments, but we got better with each attempt. Across the year, we ran webinars regularly and especially when changes to covid rules happened. Staff were able to access the EMT in a way they hadn't experienced before, and the information flowed freely in the sessions. During the year, we also hosted our first webinar where Service Users from across the charity joined to discuss matters close to them and share their experiences of the support they receive with the EMT. It wasn't all work, though, as we also hosted several quiz nights and 'Tea & Talk' wellbeing sessions that were well-received by all.

Staff 'TEA & TALK'

Equinox understands the pressures our teams are under to keep services, Service Users and staff safe, which only increased due to the prevalence of COVID-19, affecting their stress levels. We wanted to address this by promoting mental health and supporting staff by starting the conversation through a Tea & Talk Series - because mental health is as important as any other health issue. Tea & Talks support staff by providing a safe and acceptable space to share and tell their co-workers where they are struggling. It opened up the conversation on how they can best support each other to tackle common mental health challenges as anxiety and stress.

Social Media Review

This year, we focused on growing our social media presence and increasing our activity. We created new social media pages on Facebook and Instagram. We revamped our other platforms to showcase the work done at Equinox so audiences could stay involved and updated on our events and campaigns.

| PLATFORM | APRIL 2020 Followers | MARCH 2021 Followers |
|-----------|-------------------------|-------------------------|
| Facebook | 0 | 707 |
| Twitter | 154 | 337 |
| LinkedIn | 362 | 1,001 |
| Instagram | 0 | 113 |

Key achievements over the year:

- Grew LinkedIn following by 176%
- Grew Twitter following by 118%
- Gained 707 Facebook followers

New Website

We launched our new Website, which combined the individual websites of Equinox and the other SIG subsidiaries into one vibrant site. It was a complicated task, but we used in-house talent to build the website from scratch and engaged staff and Service Users to develop it as user-friendly as possible. A key factor was to provide information to stakeholders and be an engaging space for new and interested parties that follow links from our social media pages. The website has been popular and has grown in hits since its launch.

Structure, Governance and Management

Equinox is a company limited by guarantee not having a share capital (Number 2114430) incorporated on the 23rd of March 1987 and registered as a charity with the Charity Commission (Number 296694) on the 21st of May 1987.

Equinox's governing instruments are its Articles of Association dated 23rd of March 1987, as amended on 1st of November 2018. The sole member of Equinox is the Social Interest Group with effect from 1st of October 2014 and as of 1st of November 2018 the non-executive trustees of the Social Interest Group were appointed as the trustees of Equinox.

All the trustees give their time voluntarily and receive no benefits from the charity. Any expenses reclaimed from the charity are set out in note 5 to the accounts.

Appointment of Trustees

The trustees are listed on page 2. They hold office for an initial period of three years with the possibility of a second term of three years plus in exceptional circumstance where the trustee has specific skills, this can be extended by the board. The board consists of no fewer than three and no more than nine persons appointed by the members and the executive trustees. No person under the age of 18 may be appointed as a trustee.

Trustees are recruited by the Nominations Committee using specialist recruitment agents and by advertisement. A rigorous interview process takes place, which includes Service Users. Candidates attend a board meeting and visit projects before being confirmed in post by the Chairperson.

Trustee Induction and Training

New trustees must familiarise themselves with the content of the Articles of Association, their legal obligations under charity and company law, the organisational structure and its recent financial performance. Trustees are encouraged to attend appropriate external training events where these will facilitate the undertaking of their role. All trustees have participated in Safeguarding training.

Related Parties and Relationships with other Organisations

Equinox is a member of the Social Interest Group of which it is a subsidiary. It provides all support functions, senior management and strategic guidance. The Charity is supported in its charitable objectives by all Social Interest Group companies: Equinox Care, Penrose Options, SIG Investments and Pathways to Independence.

Remuneration Policy for Key Management Personnel

The Group Chief Executive's remuneration is set by the Social Interest Group non-executive trustees. Their remuneration and all other staff are remunerated in accordance with a job evaluation process and market rates, which is reviewed by external consultants.

Policy for Employment of Disabled Persons

In April 2019 we became a Disability Confident Employer.

It is the Charity's policy not to discriminate against persons falling under the Disability Discrimination Act 1995 for reasons of their disability whether in, or applying for, employment or in the delivery of services.

The key areas of our policy cover recruitment and employment (disabled applicants not being considered any less favourably on the ground of their disability) service delivery (disabled applicants and service users not being treated less favourably on account of their disability) and information (ensuring information is accessible to all).

Employee Information

The Charity requires line managers to conduct one-to-one meetings with their staff on a regular basis together with an annual appraisal.

The Executive Management Team meet on a weekly basis and updates from this meeting and the monthly Senior Managers Team meeting are disseminated to the Managers' meeting and then to the individual projects' monthly staff meeting.

The Charity takes its investment in its staff's professional development seriously and aims to provide different learning opportunities. It is the Charity's aim to see staff develop and share learning so that value can be added, and staff contribute to our growth and success. We introduced a new core training programme based around the Care Certificate made up of face-to-face and e-learning to ensure all modules are covered.

The trustees would like to thank all staff and volunteers for their hard work and dedication during the year, in a climate that continues to be extremely challenging. We confirm that the Charity pays at least the London Living Wage to our employees working in London.

Statement of Responsibilities of the Trustees

The trustees (who are also directors of the Charity for the purposes of company law) are responsible for preparing the trustees' annual report and the financial statements in accordance with applicable law and UK Accounting Standards (UK GAAP).

Company Law requires the trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the Charity and the Group and of the incoming resources and application of resources, including the income and expenditure, of the Group for that period. In preparing these financial statements, the trustees are required to:

- Select suitable accounting policies and then apply them consistently
- Observe the methods and principles in the Charities SORP
- Make judgements and estimates which are reasonable and prudent

- State whether the applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements
- Prepare the financial statements on an ongoing concern basis unless it is inappropriate to presume that the Charity will continue in operation.

The trustees are responsible for keeping adequate accounting records that disclose with reasonable accuracy at any time, the financial position of the Charity and enable them to ensure that the financial statements comply with the Companies Act 2006. The trustees are also responsible for safeguarding the assets of the Charity and the Group and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

In so far as the trustees are aware:

- There is no relevant audit information of which the charitable company's auditor is unaware
- The trustees have taken all steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the auditor is aware of that information.

The trustees are responsible for the maintenance and integrity of the corporate and financial information included on the company's website. Legislation in the United Kingdom governing the preparation and dissemination of the financial statements may differ from legislation in other jurisdictions.

Members of the Charity guarantee to contribute an amount not exceeding £1 to the assets of the charity in the event of winding up. The total number of such guarantees at the year-end was five (2020: five). The non-executive trustees are members of the Charity, the executive trustee is not a member of the Charity and does not have any beneficial interest in it.

The trustees' annual report, which includes the strategic report, has been approved by the board of trustees on 8th December 2021 and signed on their behalf.

Dr Karl Marlowe
Chairman

Opinion

We have audited the financial statements of Equinox Care (the 'charitable company') for the year ended 31 March 2021 which comprise the statement of financial activities, the balance sheet and statement of cash flows, the principal accounting policies and the notes to the financial statements. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' (United Kingdom Generally Accepted Accounting Practice).

In our opinion, the financial statements:

- give a true and fair view of the state of the charitable company's affairs as at 31 March 2021 and of its income and expenditure for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the charitable company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the trustees' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the charitable company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the trustees with respect to going concern are described in the relevant sections of this report.

Other information

The trustees are responsible for the other information. The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the trustees' report, which is also the directors' report for the purposes of company law and includes the strategic report, for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the trustees' report, which is also the directors' report for the purposes of company law and includes the strategic report, has been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the charitable company and its environment obtained in the course of the audit, we have not identified material misstatements in the trustees' report including the strategic report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept by the charitable company, or returns adequate for our audit have not been received from branches not visited by us; or
- the charitable company financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of trustees' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of trustees

As explained more fully in the trustees' responsibilities statement, the trustees (who are also the directors of the charitable company for the purposes of company law) are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the trustees are responsible for assessing the charitable company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the trustees either intend to liquidate the charitable company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

Our approach to identifying and assessing the risks of material misstatement in respect of irregularities, including fraud and non-compliance with laws and regulations, was as follows:

- The engagement partner ensured that the engagement team collectively had the appropriate competence, capabilities and skills to identify or recognise non-compliance with applicable laws and regulations;
- We obtained an understanding of the legal and regulatory frameworks that are applicable to the charitable company and determined that the most significant frameworks which are directly relevant

Independent auditor's report to the members of Equinox Care

to specific assertions in the financial statements;

- We focused on specific laws and regulations which we considered may have a direct material effect on the financial statements.
- We assessed the extent of compliance with the laws and regulations identified above through making enquiries of representatives of management and the review of minutes of Trustee meetings.

We assessed the susceptibility of the charitable company's financial statements to material misstatement, including obtaining an understanding of how fraud might occur, by:

- Making enquiries of where management considers there was susceptibility to fraud and knowledge of actual, suspected and alleged fraud; and
- Considering the internal controls in place to mitigate risks of fraud and non-compliance with laws and regulations.

To address the risk of fraud through management bias and override of controls, we:

- Performed analytical procedures to identify any unusual or unexpected relationships;
- Tested and reviewed journal entries to identify unusual transactions;
- Tested the authorisation of expenditure; and
- Investigated the rationale behind significant or unusual transactions.

In response to the risk of irregularities and non-compliance with laws and regulations, we designed procedures which included, but were not limited to:

- Review of the minutes of meetings of those charged with governance;
- Enquiring of management as to actual and potential litigation and claims; and
- Agreeing financial statements disclosures to underlying supporting documentation.

There are inherent limitations in our audit procedures described above. The more removed that laws and regulations are from financial transactions, the less likely it is that we would become aware of non-compliance. Auditing standards also limit the audit procedures required to identify non-compliance with laws and regulations to enquiry of the trustees and other management and the inspection of regulatory and legal correspondence, if any.

Material misstatements that arise due to fraud can be harder to detect than those that arise from error as they may involve deliberate concealment or collusion.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Use of our report

This report is made solely to the charitable company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the charitable company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charitable company and the charitable company's members as a body, for our audit work, for this report, or for the opinions we have formed.

1 Accounting Policies

a) Statutory information

Equinox is a charitable company limited by guarantee and is incorporated in England & Wales. The registered office is 1 Waterloo Gardens, Milner Square, London, N1 1TY.

b) Basis of preparation

The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) – (Charities SORP FRS 102), The Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) and the Companies Act 2006.

Assets and liabilities are initially recognised at historical cost or transaction value unless otherwise stated in the relevant accounting policy or note.

In applying the financial reporting framework, the trustees have made a number of subjective judgements, for example in respect of significant accounting estimates. Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The nature of the estimation means the actual outcomes could differ from those estimates. Any significant estimates and judgements affecting these financial statements are detailed within the relevant accounting policy below.

c) Public benefit entity

The charitable company meets the definition of a public benefit entity under FRS 102.

d) Going concern

The trustees consider that there are no material uncertainties about the charitable company's ability to continue as a going concern.

The financial statements are drawn up on a going concern basis despite having net liabilities, including the pension reserve in deficit. The deficit of the pension scheme, however, does not result in an immediate cash flow impact on the charity. This deficit will be cleared by an agreed payment plan for pension contributions. For this reason, the trustees are satisfied this does not affect the going concern status of the charity.

The Social Interest Group will not recall the inter-company balances within the next 12 months, unless the Trustees deem that Equinox can afford to repay the balances. In addition, the trustees of both Social Interest Group and Penrose Options have expressed their intention to continue to provide support to Equinox Care, including providing working capital, for the foreseeable future.

The trustees do not consider that there are any sources of estimation uncertainty at the reporting date that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next reporting period.

e) Income

Income is recognised when the charity has entitlement to the funds, any performance conditions attached to the income have been met, it is probable that the income will be received and that the amount can be measured reliably.

Income from government and other grants, whether "capital" grants or "revenue" grants, is recognised when the charity has entitlement to the funds, any performance conditions attached to the grants have been met, it is probable that the income will be received and the amount can be measured reliably and is not deferred. Income received in advance of the provision of a specified service is deferred until the criteria for income recognition are met.

1 Accounting Policies (continued)

f) Interest receivable

Interest on funds held on deposit is included when receivable and the amount can be measured reliably by the charity; this is normally upon notification of the interest paid or payable by the bank.

g) Fund accounting

Restricted funds are to be used for specific purposes as laid down by the donor. Expenditure which meets these criteria is charged to the fund. Unrestricted funds are donations and other income received or generated for the charitable purposes.

h) Expenditure and irrecoverable VAT

Expenditure is recognised once there is a legal obligation to make a payment to a third party, it is probable that settlement will be required and the amount of the obligation can be measured reliably. Expenditure on charitable activities includes the costs of delivering services undertaken to further the purposes of the charity and their associated support costs. Irrecoverable VAT is charged as a cost against the activity for which the expenditure was incurred.

i) Central support costs

Central support costs are incurred by the parent company, Social Interest Group, and are for senior management, finance, human resources, payroll, workforce development, housing income management, quality & performance and information & communication technology. These departments are vital to the smooth running of Equinox's charitable activities.

j) Operating leases

Rental charges are charged on a straight line basis over the term of the lease.

k) Tangible fixed assets

Items of equipment are capitalised where the purchase price exceeds £500. Assets are reviewed for impairment if circumstances indicate their carrying value may exceed their net realisable value and value in use. Major components are treated as a separate asset where they have significantly different patterns of consumption of economic benefits and are depreciated separately over its useful life.

Depreciation is provided at rates calculated to write down the cost of each asset to its estimated residual value over its expected useful life. The depreciation rates in use are as follows:

- Fixtures, fittings and office equipment – 25% straight line
- Leasehold improvements – Straight line over the term of the lease

l) Debtors

Trade and other debtors are recognised at the settlement amount. Prepayments are valued at the amount prepaid.

m) Cash at bank and in hand

Cash at bank and in hand includes cash and short term highly liquid investments with a short maturity of three months or less from the date of acquisition or opening of the deposit or similar account. Cash balances exclude any funds held on behalf of service users.

n) Creditors and provisions

Creditors and provisions are recognised where the charity has a present obligation resulting from a past event that will probably result in the transfer of funds to a third party and the amount due to settle the obligation can be measured or estimated reliably. Creditors and provisions are recognised at their settlement amount.

1 Accounting Policies (continued)

o) Financial instruments

The charity only has financial assets and financial liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measured at their settlement value.

p) Pensions

Equinox makes contributions into a defined benefit pension scheme, which is now closed to new Equinox entrants, and a number of defined contribution schemes. For financial years ending on or before 28 February 2019, it had not been possible for the charity to obtain sufficient information to enable it to account for the Scheme as a defined benefit scheme, therefore the charity accounted for the Scheme as a defined contribution scheme.

For financial years ending on or after 31 March 2019, it is possible to obtain sufficient information to enable the charity to account for the Scheme as a defined benefit scheme. For accounting purposes, an actuarial valuation for the scheme was carried out with effective date of 31 March 2018. The liability figure from the valuation is rolled forward to the relevant accounting date and are used in conjunction with the charity's fair share of the Scheme's total assets to calculate the charity's net deficit or surplus at the accounting period start and end dates.

2 Donations

Equinox has received a donation of £nil (2020: £nil) from its parent undertaking, the Social Interest Group and £1,000 (2020: £9,000) from other donors.

3 Charitable activities – supporting vulnerable people

Equinox's activities are to relieve people in need, including but not limited to those with mental health illness, those currently suffering from substance misuse or other addictive behaviour patterns, ex-offenders, the homeless, poor people, aged, disabled (whether physically or mentally) or chronically sick. This is achieved by providing support in the form of housing, or accommodation, or services including but not limited to medical, social, welfare, rehabilitative, resettlement, care services, education, training, employment, mentoring and other similar services. Equinox's income is predominantly contractual income from local authorities and NHS Trusts, and rental income and service charges from service users.

6 Analysis of staff costs, trustee remuneration and expenses, and the cost of key management personnel

Staff costs were as follows

| | 2021 £'000 | 2020 £'000 |
|---|---------------|---------------|
| Salaries and wages | 4,184 | 4,052 |
| Social security costs | 389 | 360 |
| Employer's contribution to defined contribution pension schemes | 97 | 93 |
| Operating costs of defined benefit pension schemes | 30 | 15 |
| Agency costs | 758 | 1,448 |
| | <u>5,458</u> | <u>5,968</u> |

No employee earned more than £60,000 during the year (2020: £nil).

The total employee benefits (including pension contributions and employer's national insurance) of the key management personnel were £nil (2020: nil). These were borne by the parent entity Social Interest Group.

The charity trustees were neither paid nor received any other benefits from employment with the charity in the year (2020: £nil). No charity trustee received payment for professional or other services supplied to the charity (2020: £nil).

No trustees' expenses were paid or reimbursed £Nil (2020: £nil).

7 Staff numbers

| | 2021 £'000 | 2020 £'000 |
|----------------|---------------|---------------|
| Operational | 110 | 147 |
| Administration | 2 | 2 |
| | <u>112</u> | <u>149</u> |

8 Related party transactions

Equinox was charged £1,354,650 for central office functions provided by the parent charity Social Interest Group (2020: £1,358,000)

Equinox owed £1,648,148 to SIG at the year end (2020: owed £1,202,000).

Equinox was owed £378,490 from Penrose Options at the year end (2020: owed £478,000).

Equinox owed £106,099 to SIG Investments at the year end (2020: £8,000)

9 Taxation

Equinox is a registered charity and is exempt from Corporation Tax on its charitable income as it is spent on charitable purposes.

The Charity is part of the Social Interest Group VAT registration. However, as virtually 100% of its income is exempt, the VAT on purchases is irrecoverable and therefore included in expenditure.

10 Tangible fixed assets

| | Fixtures, fittings & Equipment £'000 | Leasehold improvements £'000 | Total £'000 |
|--------------------------|---|------------------------------------|----------------|
| Cost of valuation | | | |
| At the start of the year | 142 | 20 | 162 |
| Additions in year | 12 | 7 | 19 |
| At the end of the year | 154 | 27 | 181 |
| Depreciation | | | |
| At the start of the year | 110 | 8 | 118 |
| Charge for the year | 18 | 3 | 21 |
| At the end of the year | 128 | 11 | 139 |
| Net Book Value | | | |
| At the end of the year | 26 | 16 | 42 |
| At the start of the year | 32 | 12 | 44 |

All of the above assets are used for charitable purposes.

11 Debtors

| | 2021 £'000 | 2020 £'000 |
|-------------------------------------|---------------|---------------|
| Trade debtors | 400 | 693 |
| Amounts due from Group undertakings | 378 | 478 |

| | 2021 £'000 | 2020 £'000 |
|-----------------------------------|---------------|---------------|
| Amounts due to Group undertakings | <u>1,350</u> | <u>-</u> |

14 Pension Scheme

The Pensions Trust – Social Housing Pension Scheme (“Scheme”)

Equinox participates in the Scheme, a multi-employer scheme which provides benefits to some 500 non-associated employers. The Scheme is a defined benefit scheme in the UK.

For financial years ending on or before 28 February 2019, it had not been possible for the charity to obtain sufficient information to enable it to account for the Scheme as a defined benefit scheme, therefore the charity accounted for the Scheme as a defined contribution scheme.

For financial years ending on or after 31 March 2019, it is possible to obtain sufficient information to enable the charity to account for the Scheme as a defined benefit scheme. For accounting purposes, an actuarial valuation for the scheme was carried out with effective date of 31 March 2018. The liability figure from the valuation is rolled forward to the relevant accounting date and is used in conjunction with the charity's fair share of the Scheme's total assets to calculate the charity's net deficit or surplus at the accounting period start and end dates.

The Scheme is subject to the funding legislation outlined in the Pensions Act 2004 which came into force on 30 December 2005. This, together with documents issued by the Pensions Regulator and Technical Actuarial Standards issued by the Financial Reporting Council, set out the framework for funding defined benefit occupational pension scheme in the UK.

The last triennial valuation of the Scheme overall for funding purposes was carried out as at 30 September 2020. This valuation revealed a deficit of £1,560m. A Recovery Plan has been put in place with the aim of removing this deficit by 31 March 2028. The Scheme is classified as a 'last-man standing arrangement'. Therefore the charity is potentially liable for other participating employers' obligations if those employers are unable to meet their share of the scheme deficit following withdrawal from the Scheme. Following consultation between the Pension Trustees and Employers, a new recovery plan to recover the overall scheme deficit has been agreed. This is based on a full share of liabilities approach. This is effective from 1 April 2022.

14 Pension Scheme (continued)

Number of active members in the scheme

| | No. |
|------------|-----|
| Active | 3 |
| Deferred | 396 |

The narrative to explain the purpose of each fund is given at the foot of the note below.

16b Movements in funds (prior year)

| | At 1 April 2019 £'000 | Income & gains £'000 | Expenditure & losses £'000 | Transfers £'000 | At 31 March 2020 £'000 |
|---|-----------------------------|----------------------------|----------------------------------|--------------------|------------------------------|
| Restricted funds: | | | | | |
| Fulfilling Lives | - | 186 | (186) | | - |
| Female Offender Community Investment fund | - | 154 | (154) | | - |
| Skills for Care | 1 | - | | | 1 |
| Total restricted funds | 1 | 340 | (340) | - | 1 |
| General funds | (827) | 8,244 | (8,392) | (290) | (1,265) |
| Pension reserve | (3,537) | 2,727 | - | 290 | (520) |
| Total funds including pension fund | (4,363) | 11,311 | (8,732) | - | (1,784) |

Purposes of restricted funds

A. Fulfilling Lives. The Equinox Brighton team is part of a nationwide Big Lottery initiative designed to affect positive change on several levels in the area of multiple and complex needs.

B. Female Offender Community Investment Fund – this grant was for the Women’s Programmes run in Brighton and London and funding for the Domestic Violence Trauma Specialist at Brighton Women’s Service.

C. Skills for Care. This is a programme of work related to the Assessed and Supported Year in Employment.

D. Corona Virus Grants. These grants were received from Local Authorities to cover the increased costs of working as a result of the COVID-19 pandemic.

17 **Operating lease commitments**

The charity’s total future minimum lease payments under non-cancellable operating leases is as follows for each of the following periods

| | 2021 £'000 | 2020 £'000 |
|--------------------|---------------|---------------|
| Less than one year | 960 | 957 |
| One to five years | 509 | 512 |
| Over five years | 22 | - |
| | 1,491 | 1,469 |

18 Guarantees and ultimate parent undertaking

Equinox is a company limited by guarantee not having a share capital. The Social Interest Group became the sole member of Equinox on the 1 October 2014, previously all trustees were members. Each member has guaranteed to pay £1 in the event that Equinox was wound up. Social Interest Group is the ultimate parent undertaking. Its charity registered number is 158402. Its company registered number is 9122052. Its registered office is: 1 Waterloo Gardens, Milner Square, London N1 1TY.
